

Sleep Apnea Therapy Device

Professional precision:

- Innovative tracking technology ensures accurate and comfortable therapy.
- Unique sensitivity setting offers individual therapy algorithm, makes every user get the most comfort.
- Inspiration trigger for auto start-up and stop after put off mask. Alarm for power-off and In time alert function off-line
- Automatic leakage and altitude compensation ensure the therapy accuracy anywhere.

Ergonomic and powerful design:

- Integrated and knock-down designed heated humidifier
- DC 24V powered and infrared controlled humidifier make user safe
- Smart Heater automatic restarts after short term break. Patented anti-countercurrent water tank
- Powerful embedded memory stores last night's full raw data, 365 nights user Blog and more than 30 years' therapy record, User Blog direct output via portable thermal printer

Humidifier

Product Specifications of :

Auto BIPAP - S25

Pressure (IPAP)	4 - 30 cmH ₂ O*	Ramp Duration	0 - 45 minutes ±10% of the setting
EPAP	4 - 25 cmH ₂ O*	Data Storage	Compliance, Leak, Pressure, Flow, Snore, AHI, SNI
CPAP	4 - 20 cmH ₂ O*		
Accuracy	±1 cmH ₂ O**	Altitude Compensation	Automatic
Mode	CPAP, S	E/I Rate	1 - 4
Respiratory Rate	3 - 40 BPM,	Max. Inspiration Time	3.0 seconds

* Limited to 20 cmH₂O when using the Auto feature in S mode.

Auto CPAP - S20 / CPAP - S15

Pressure range	4 - 20 hPa (in 0.5 hPa increments)	Altitude Compensation	Manual setting, automatic compensation
Pressure stability	2-20 hPa	Sound Pressure level	30db (when device is working at pressure 10hPa)
Mode	Continuous	Degree of Protection Against ingress of water	IPx1 -Drip-Proof, vertical

Maximum flow

Test Pressure (hPa)	2	6.5	11	15.5	20
Measured Pressure at the Patient Connection port (hPa)	1	6	10	15	19
Average flow at the patient connection port(L/min)	33	34.2	33.9	31.7	30.6

Humidification	Heated Humidifier	Type of Protection Against Electric Shock:	Class II Equipment
Power Supply	100-240 VAC, 50/60 Hz	Degree of Protection Against Electric Shock:	Type BF Applied Part
Weight	1.6kg, 2.4kg (with humidifier)	Dimensions	220 x 194 x 112mm 313 x 194 x 112 mm (with heated humidifier)

* CPAP S15 is without auto function

* Humidifier available as optional

Sleep Apnea Therapy Device

Sleep Apnea Therapy Device offers the ultimate in sleep therapy comfort. Sleep apnea is a condition in which the patient's airway becomes constricted during sleep, leading to difficulty in breathing. Sleep apnea deprives the body of oxygen leading to a lack of restful sleep, fatigue during the day and loud snoring. BPAP/ CPAP machines are one of the most common treatments for sleep apnea.
